e-KHOOL
Next-gen learning platform

AI-integrated & blended service platform for online learning management system

We believe that together with our customers, we are creating a new generation of learning platform fueled by artificial intelligence and micro-services architecture.

Vignan IAS Academy is the pioneer UPSC (Civil Services) coaching institute in India as it gives a well-planned direction to crack the UPSC exams. The systematic teaching approaches in this institute are entrenched with some time tested principles, which can enable the students to know the basics and also promote them to cross-examine the facts and ideas without believing them blindly. Their attempt is not only to offer a roadmap for the students to achieve their dream of entering the civil services, but also to support them along with their journey to become the IAS officer by tracking their individual progress and making course corrections.

Vignan IAS Academy

Geo IAS Academy is recognized as one of the leading institutions in India and one stop destination that provides excellent coaching and training thousands of Civil service competitors. The academy has rapid growth over the past few years towards huge success in giving hands to more aspirants to fulfill their dreams of becoming a civil servant and mentoring thousands of candidates to perceive their capability. Moreover, the academy has complacent in serving the nation by creating more efficient leaders to build the nation strongly.
